With 75 years of combined experience, we deliver expert assessment, planning, and implementation for IT solutions across State, Federal, Defense, and Corporate sectors. Allegiant technologies leads in it placement and project execution services

OUR SERVICES

ALLEGIANT TECHNOLOGIES – DRIVING INNOVATION IN IT SOLUTIONS

IT STAFF AUGMENTATION

Scale your team with top-tier IT professionals. We provide skilled experts to seamlessly integrate into your projects, ensuring efficiency and success.

AZURE DATA ENGINEERING

Maximize the power of Azure for seamless data integration, storage, and analytics. Our cloud-based solutions ensure efficiency, security, and scalability.

AZURE ARCHITECTURE

Optimize your cloud strategy with our end-to-end Azure architecture solutions. From infrastructure design to security frameworks and seamless cloud migration, we ensure scalability and performance.

GENERATIVE AI SOLUTIONS

Optimize your cloud strategy with our end-to-end Azure architecture solutions. From infrastructure design to security frameworks and seamless cloud migration, we ensure scalability and performance.

ENTERPRISE ARCHITECTURE (TOGAF/FEAF)

We specialize in TOGAF and FEAF frameworks, designing secure, scalable, and compliant architecture solutions for government agencies, including PBGC pension management systems.

CUSTOM APPLICATION DEVELOPMENT / TECHNOLOGY STACK

We provide custom software development powered by a cutting-edge technology stack, ensuring scalable, secure, and high-performance solutions. From cloud-native applications to Agentic AI systems, our expertise covers full-stack development, DevOps, IoT, and enterprise-grade architectures—delivering seamless integration and optimal efficiency.

IOT (INTERNET OF THINGS)

Harness the power of IoT to connect devices, collect real-time data, and drive smarter decision-making through intelligent, automated insights.

TRAINING AND PLACEMENT

Acquire cutting-edge cloud technology skills through in-house training led by top government sector experts and seamlessly transition into roles with our esteemed clients.

BUSINESS ANALYSIS

Unlock operational efficiency with our comprehensive business analysis. We identify key improvements, optimize processes, and align technology with your strategic goals.

BUSINESS INTELLIGENCE

Transform raw data into actionable insights. Our BI solutions provide advanced analytics and real-time reporting to empower data-driven decision-making.

We have developed future-ready projects for 53+ clients.

- **Proven Expertise:** 75 years of combined experience delivering IT solutions for government entities.
- **Tailored Solutions:** Customized services that address your unique challenges and goals.
- **Cutting-Edge Technology:** We stay at the forefront of IT innovations to provide you with the best solutions.
